Co-Convener
BAJA SAEINDIA 2011

Dear Students

I hope this letter reaches you in the best of health & spirits!!

At the very outset, I would like to heartily congratulate you for making it through to the list of teams for the BAJA SAEINDIA 2011. We welcome you to the arduous yet mesmerizing, painstaking yet magical, encumbering yet fruitful journey of BAJA SAEINDIA. From now onwards, you would experience the passion, adrenaline, pain, joy, learning and the magic associated with BAJA.

We have the following important updates for you:

1. Registration Fee

All the teams who have qualified for mains will have to deposit the second phase fee of Rs. 25,000/- and ensure that DDs of Rs. 25,000/- in favor of "BAJA SAEINDIA" are received at BAJA secretariat latest by 20th Aug 2010. Upon receipt, BAJA secretariat will update the payment status on BAJA website as done earlier during initial registrations. All drafts should be addressed to

Mr. Yogesh Pandit
Cummins Turbo Technologies Ltd.
AB Road, Industrial Area – Phase 2,
Dewas 455 001

2. Engine

The engine for BAJA SAEINDIA 2011 has to be procured from M/s Lombardini at an approximate cost of INR 25,000. As it is required to give a prior commitment for production planning, it is essential to know the number of teams interested in buying the new engine (apart from new entrants of BAJA). The previous year's participants, who wish to procure a fresh engine may kindly send in their 'Registration ID ONLY' with acknowledgment note (Interested in procuring Engine for BAJA SAEINDIA 2011) to Mr. Ram Katia (ram.katia@cummins.com) on or before 5th August 2010. No requests would be entertained subsequently. Please note that the spec for the engine is the same as that of BAJA SAEINDIA 2010. PLEASE DO NOT MENTION ANYTHING ELSE IN THE ACKNOWLEDGEMENT MAIL EXCEPT FOR REGISTRATION ID & NOTE. THE PROCUREMENT & PAYMENT DETAILS WOULD BE INFORMED SUBSEQUENTLY.

3. Ansys Software Support & Engineering Analysis Award

All the selected teams are eligible for free license of Ansys Software Package for BAJA. The teams are required to fill the questionnaire and registration form and revert back the same to Ansys Coordinators. A separate communication in this regard shall be undertaken through Ansys. Based on the questionnaire, 20 teams would be provided with a complete license of Ansys software package while the rest of the teams would be provided with the Student License of the same. The teams would be sent an Engineering Analysis Report

BAJA SAEINDIA 2011

Format, which is to be filled within the prescribed timeline and submitted to the coordinators. Based on the evaluation of the reports, the top two teams would be awarded with the Engineering Analysis Award of 1.5 Lakhs INR (1 + 0.5).

4. Modifications in Team Structure

Of late we have been receiving a lot of requests from the teams for change in team structure. I would like to reiterate that the team selection was based on present structure and replacement of members for any reason is NOT allowed. Due to a suitable reason, a member may decide to leave the team, however, replacement or addition of members is NOT allowed. Any member, working for the team, not officially registered for participation in BAJA SAEINDIA 2011, if found, the team is liable for penalty / disqualification as per the discretion of organizing committee.

5. Communication

Should you have any doubts or queries you may kindly write to the Alumni Committee Members. Am sure they'll be able to sort out the matter and if not, they'll be able to route your concerns through the proper channel. The complete details of Alumni Committee Members are available on the BAJA Website.

Wishing you all the very best for your endeavors.

It's time to gear up and awaken the spirit!

BAJA SAEINDIA 2011 – Go Green!!

With Warm regards

-

Ankur Anand
