

BAJA SAEINDIA 2011 - Go Green!!!

Date: 27th May 2010

Dear All

I hope to find you in the best of health and spirits. In these testing times where you face the stress of your examinations and the upcoming BAJA SAEINDIA events, I would like to update you on the following:

1. Virtual BAJA SAEINDIA / Preliminary Design Report

It has been observed that there is a concern for the students in regards to the Virtual BAJA Event and design report submission for the same. We would like to bring to your notice that the Virtual BAJA SAEINDIA is planned for 2-3rd July at IHC, Delhi. The venue & dates may change on account of availability. The teams would be required to present their progress during the event along with the design reports. In regards to the design report, a format would be made available on the website. The teams would be required to fill up the same and submit the format online. The teams need NOT send any hard copy to the BAJA Secretariat.

2. Go Green Theme

As per the decision of the technical committee and the BAJA Organising Committee, the objectives of the Go Green Theme have been defined keeping in mind the safety and compliance with the rules and regulations of BAJA SAEINDIA. The teams are encouraged to work upon the emission control and End of Life Vehicle, Reusability/recyclability concepts and come up with innovative solutions to implement the same in their designs. The use of hybrid power sources is prohibited. The teams may however use energy conservation devices such as KERS etc, requiring prior consultation and approval by the technical committee headed by Mr. Behram Dhabhar.

3. Engine

In regards to the engine, as informed earlier, the teams would be required to pay a subsidized amount for procurement of the engine. This is in line with the International counterparts.

4. SAEINDIA Memberships

The teams would be required to bear a Valid SAEINDIA Membership during the Virtual BAJA Event. Failing this, the teams are liable for disqualification. The teams are subsequently required to enroll for "4+1" scheme of SAEINDIA for membership renewal in Aug '10.

In case of any clarification, please feel free to speak to the Alumni Committee Members. I'm sure they'll be of great help to you.

Wishing you all the very best for your future endeavours.

BAJA SAEINDIA Go Green – unleash the spirit!!!

With Best Regards

-

Ankur Anand
