BAJA SAEINDIA 2024 Physical workshop

Sri Sairam Engineering college

Chennai, Oct.6, 2023: The most awaited and important event of automobile-biscorer BAJA SAEINDIA 2024 Physical workshop is presently hosting by department of mechanical engineering of Sri Sairam Engineering college in Chennai. The two day programme was inaugurated on 30th September 2023 by SAIRAM Institutions chairman Dr. Sai Prakash Leo Muthu and Mr. Abhay Prabhakar the Vice President of Nissan vehicle management programme. The programme is going to address advanced car manufacturing aspects including passenger's safety, information management, new material development, carbon emission control and innovative research, Internet of Things and Artificial Intelligence on automotive segments to student community.

Dr. Sai Prakash Leo Muthu, Chairman of Sairam Group of institutions in his speech quoted that he was proud to see the unique skill and integrated engineering involvement of the students from all over the country. The rapid development in the infrastructure development of the country on road and logistics management has been witnessed phenomenal growth and development in automobile sector. The programme organised by BAJA SAEINDIA and Sairam institutions will greatly benefit the student community interested in automobile sector.

Mr. Abhay Prabhakar, Vice President, Nissan Vehicle Management Program, in his address he quoted that the current technological landscape, continuous learning is absolutely essential, and BAJA SAEINDIA is dedicated to preparing students for the rigors they will encounter while building their futures. I believe all these passionate students will play a pivotal role in India's Automotive industry, whether as Engineers, Entrepreneurs or Leaders, contributing to our nation's goal to be the world's 3rd largest passenger vehicle market, not only in the field of manufacturing, but also in technology R&D further he appreciated the activities of Sairam Educational Institutions towards innovation and sustainable development goals.

The student Participants of about 200 teams came from all over the states of India enthusiastically participating in the programme. The Deputy General Manager of Chennai Mahindra & Mahindra, Mr. Abhinanda Hittalikeri along with Professors Mr. L. Ravikumaran, Mr. S. Krishna Kumar, Mr. T. Babu.
